

 **SHERIFF MIKE PRENDERGAST** 
CITRUS COUNTY, FLORIDA

August 29, 2018

Dear Friends and Neighbors:

I strongly endorse the reelection of Representative and Dr. Ralph Massullo, MD as the candidate for the 34th District in the Florida House of Representatives. The main goal and aim of Representative Massullo is to bring principled leadership with a common sense approach to the mission of representing our district in Tallahassee. He has delivered significantly for us throughout his first term in office, and he stands ready to continue the hard work of representing all of his constituents in our state capitol in the years ahead.

As you know, Dr. Massullo is a dedicated family man who has served Citrus and Hernando counties as a physician, business leader and job creator for more than 25 years. During his first term in office as our Representative in Tallahassee, he led the way for us by filing: legislation that increases access to care and puts patients before profits, legislation that increases transparency and accountability, legislation that protects our waterways and springs, legislation that encourages students to become teachers, and legislation that helps keep our neighbors safe. There is much more work left to be done for us in Tallahassee, and I believe that Representative Massullo is our community's best candidate to serve our needs in the years ahead.

When you vote in November, I strongly recommend you vote for Dr. Ralph Massullo as the candidate for the 34th District in the Florida House of Representatives. He will always put us first.

Yours in Service,

Mike Prendergast
Sheriff
